2. India Stonemart is a premier biennial event, being successfully organized since 2000. The last edition, held in 2024, witnessed participation from over 9 countries, drew more than 19,000 visitors from 52 nations, and spanned 45,000 sq. m., showcasing the best of natural stones (marble, granite, sandstone, slate, quartzite, etc.), quartz surfaces, stone processing machinery, tools, and allied products. More than 500 leading companies from India and abroad are expected to participate in the upcoming edition. For more information, visit <https://stonemart-india.in/index.html>.

3. This prestigious event will showcase a comprehensive range of natural dimensional stones, along with ancillary products and services, bringing together the entire ecosystem of the stone industry under one roof. The exhibition will host a diverse range of stakeholders, including domestic and international producers, exporters, importers, buyers, consumers, architects, builders, developers, technology providers, and industry experts. Together, they will converge at Stonemart to explore opportunities, share innovations, and foster global business collaborations. India Stonemart 2026 presents a powerful platform for participating companies to showcase their products and services, strengthen brand visibility, and build strategic business connections with an international audience—thereby expanding their market reach and business prospects.
