analytica Lab India

International Trade Fair for Laboratory Technology, Analysis, Biotechnology and Diagnostics

analytica Lab India 2027 on 23–25 September 2027 at the HITEX Exhibition Centre, Hyderabad, India.

Messe Muenchen India Pvt. Ltd., a subsidiary of Messe München, Germany, is organising analytica Lab India Hyderabad 2027, the international trade fair for laboratory technology, analysis, biotechnology and diagnostics, from 23–25 September 2027 at the HITEX Exhibition Centre, Hyderabad, India. The exhibition provides a specialised platform for laboratory equipment manufacturers, analytical instrument suppliers, scientific researchers and industry professionals to explore technological developments, showcase innovations and identify business opportunities in India's growing laboratory and analytical sectors.

2. analytica Lab India is an established marketplace for laboratory technologies and analytical instruments, bringing together domestic and international manufacturers, laboratory users, consultants, researchers and industry professionals. The Hyderabad edition offers opportunities to engage with stakeholders across southern India, particularly in pharmaceuticals, food, nutraceuticals, biotechnology, scientific research and industrial laboratories. Hyderabad's strong pharmaceutical and life sciences ecosystem makes it an important destination for companies seeking to expand their market presence and develop industry partnerships. For more information, please visit www.analyticalabindia.com.

3. The exhibition will showcase a comprehensive range of laboratory equipment, analytical technologies, testing solutions and scientific innovations designed to support research, product development, quality assurance and industrial applications. It will facilitate interaction among technology providers, pharmaceutical companies, food manufacturers, research organisations, testing laboratories and potential buyers, creating opportunities for commercial partnerships, knowledge exchange and technology collaboration.

4. The exhibition will cover a broad spectrum of laboratory technologies, analytical solutions and scientific applications serving multiple industries. Key exhibition sectors include:

- Analytical instruments and laboratory equipment
- Chromatography, spectroscopy and chemical analysis
- Laboratory automation, robotics and digital laboratory solutions
- Biotechnology, life sciences and diagnostics
- Laboratory chemicals, reagents, consumables and glassware
- Laboratory infrastructure, furniture and safety solutions
- Pharmaceutical testing, quality control and measurement systems
- Food analysis, food safety and testing technologies
- Nutraceutical testing and analytical solutions
- Materials characterisation and testing technologies

- Laboratory software, data management and documentation systems

- Research and development technologies for pharmaceutical and scientific applications

5. For further information regarding the exhibition, please contact Mr. Yatish Sharma, email- yatish.sharma@mm-india.in. For visitor registration and exhibitor participation, please visit the official website: https://analyticalabindia.com/.

6. In case any additional information and assistance regarding travel and visa are required, please feel free to contact Amit Kumar (Marketing Executive), email com2.berne@mea.gov.in. For the latest updates on trade and events in India, please visit the Embassy of India, Berne website (https://www.indembassybern.gov.in//section/events-trade-fairs/).
