RENEWABLE ENERGY PAVILION

RENEWABLE ENERGY PAVILION

The entire renewable energy portfolio converges with the consumption and application side of the business at the Renewable Energy Pavilion. Interface with power utilities, trading entities, independent power producers, EPCs, technology experts from power storage and electric transportation that integrate renewables.

BENEFITS FOR RENEWABLE ENERGY PLAYERS

- Access to the complete electricity ecosystem
- Interact and interface with the cross sections of the industry
- Explore partnerships and evaluate vendor/partner capabilities
- Understand the big-picture and plan accordingly

BENEFITS FOR INDUSTRY

- A complete comprehensive introduction to the future of electricity
- An interface with key players in Renewable, Storage & EV domains
- Get a better perspective of product & solution roadmap

POWER PACKED OPPORTUNITY

EXHIBITOR PROFILE

- Solar Cells and Modules
- Wind Turbines and Electric Generators
- Solar and Wind Inverters, Charge Controllers, Batteries and Module Connectors
- Testing, Monitoring Systems, Project Consultants
- Suppliers of Raw Materials
- System Integrators, Assemblers and Distributors
- Turnkey Solution Providers
- Hybrid Systems, Materials and Equipment

VISITOR PROFILE

- Solar EPC Players
- Wind EPC Players
- Regulators and Government Officials
- State Utilities
- Traders
- Developers & Owners
- Manufacturers
- Start Ups
