INFINITY FORUM

India's beyond-boundaries FinTech event

December 3 & 4, 2021

INFINITY FORUM

India's beyond-boundaries FinTech event
December 3 & 4, 2021

InFINITY Forum is IFSCA's flagship financial technology event that unites the world's leading minds in policy, business, and technology to explore and advance the biggest ideas in FinTech.

"InFINITY" blends the words "India", "IFSCA", "Finance" and "technology". The word "infinity" also touches upon the idea of moving, surpassing the present and rising above the status quo — going beyond boundaries to create a future full of potential and possibilities.

The InFINITY Forum aims to be the platform where pressing problems, progressive ideas, and innovative technologies from across the world gets discovered, discussed and developed into solutions and opportunities.

The themes of InFINITY Forum 2021 are FinTech Beyond Boundaries, FinTech Beyond Finance and FinTech Beyond Next. **Read more**
